

TWIN CITY MUZZLE LOADING CLUB, INC.

Membership Application

Join the men and women of TCMLC as we relive the old ways and revive skills of a bygone era. Discover an America of keen-eyed long riflemen, skillful craftsmen, cheerful campfires and the aroma of hearty meals simmering over open fires. Don't watch from afar! Join us in re-discovering early frontier skills, the pride of craftsmanship and sharing the spirit of self-reliance that sparked our humble colonies to a nation of greatness.

The Twin City Muzzle Loading Club, Inc. originated in 1956 as a non profit organization to promote interest and participation in the collection, shooting, and building of black powder firearms. Our period of interest spans the French and British Colonial periods through the Rocky Mountain fur trade era (1700-1840). Specific interests include traditional muzzle loading arms, shooting and hunting, re-enacting, trekking, and traditional skills such as gun building, finger weaving, brain tanning, leatherwork, beadwork, period cooking and flint knapping. Club membership is available to anyone who shares these interests. We especially enjoy passing on what we've learned to others.

Club members may participate in club-sponsored hunts, black powder shoots, treks, period encampments, and special interest groups, such as the club gun-builder's group.

The Club sponsors a number of annual public events, including the Cannon River Rendezvous, a winter shoot series, and introduction-to-muzzle loading events.

The TCMLC membership meets at 7:00pm on the first Wednesday of every month at Bill's Gun Shop, 4080 W Broadway, Robbinsdale, MN. Directions and map located on www.tcmlc.com. Member meetings are open to interested non-members, and are a good way for prospective members to "get a feel" for the club.
